

Client: Enevate | Years of cooperation: 3 Years (Since 2022) | Zintilon Contact: Liz Zhou

www.zintilon.com

Zintilon Co., Limited

22,000m² Plant Area

Quoting within 24 Hours

Shortest 3-day Lead Time

7/24 Working Time; 2 Shifts Operating

Minimum Order Quantity: 1 Piece

HERMLE 5-Axis CNC and ZEISS CMM

20+ Years of Manufacturing Experience

ISO9001; IATF16949; EN9100; ISO13485; ISO14001; ISO45001; ISO50001

Established in 2014, Zintilon is a high-tech enterprise that specializes in customized precision parts of prototyping and low-volume manufacturing. We adhere to customer information confidentiality, help clients solve problems and break through technical difficulties.

U.S. & European Advanced Equipment

Multi-axis CNC Machining Center
Lathe-milling Machining Center
Horizontal Machining Center
CNC Turning Center
CNC Swiss Type Automatic Lathe
Laser-carving Equipment

Capability

Highest Roughness: Ra 0.4
Highest Accuracy: $\pm 0.005\text{mm}$
CNC Turning: 320*410mm
5 Axis CNC Machining: 1200*1000mm
3 Axis CNC Machining: 3000*2000
Finishing: Anodizing | Powder Coating | DLC
| Plating | Sand Blasting | Mirror Polishing etc.

Japan Advanced Equipment

High Production Performance

High Speed: 24000 RPM

Maximum processing size: 500*400*330 mm

Capabilities: Machining | Drilling | Tapping

Suitable for Small & Medium-Volume

Various Materials

Aluminium

Copper | Bronze | Brass

Stainless Steel | Steel

Titanium, etc

Advanced Equipment

Laser Cutting machine

Bending Machine

Capabilities: Tig Welding | Laser Welding

Bench Work: Tapping | Convexing | Threading hole | Riveting | Counter Sink

Accuracy, Stability, Efficiency

Highest Accuracy: $\pm 0.01\text{mm}$

Maximum processing size: 1500*3000 mm

Material: Iron | Aluminum | Copper | Stainless Steel within range of 0.5mm-20mm

Quality Objectives

Prototype Qualified Rate: 100%

Production Qualified Rate: $\geq 99\%$

On Time Delivery Rate: 98.5%

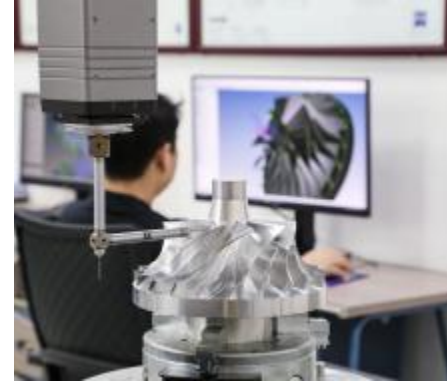

Complaint Rate: $\leq 2\%$

CMM Report, FAI, PPAP, COC, Material Certificate are available

Fine Quality Control Process

IQC→IPQC→OQC

The inspection of each process can be traced

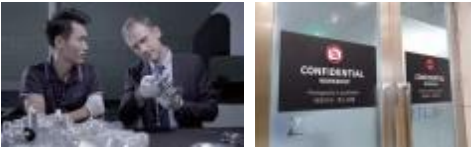

Quality Assurance

Strictly follow the international quality system
Systematically enroll in quality management programs

Strict Confidentiality System

Non-disclosure agreement and confidential workshop
Encryption software and hierarchical authorization access

IATF16949: 2016

EN9100: 2018

ISO9001: 2015

ISO14001: 2015

ISO13485: 2016

Workplace

Employee-oriented modern office; Multi-dimensional talent system

Leisure Area

Comfortable environment; High work satisfaction and sense of belonging

Industries Served

Automobile, Semiconductor, Communication, Medical, Robotics, New Energy, Aerospace, etc.

Clients

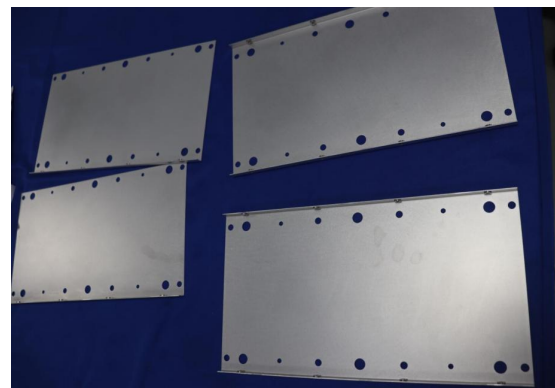

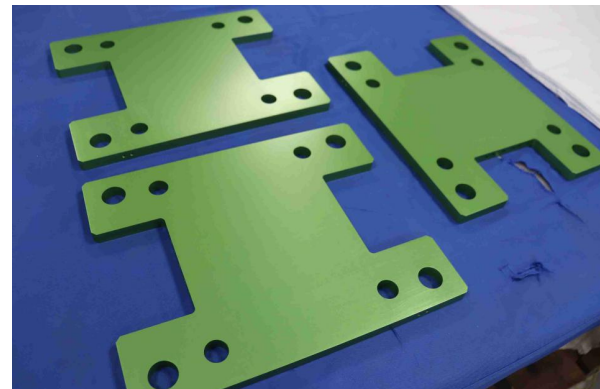

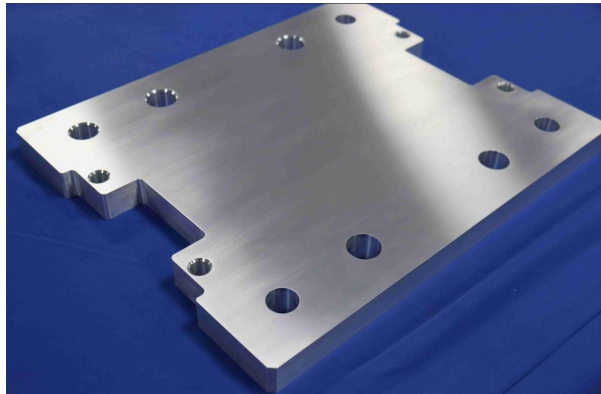

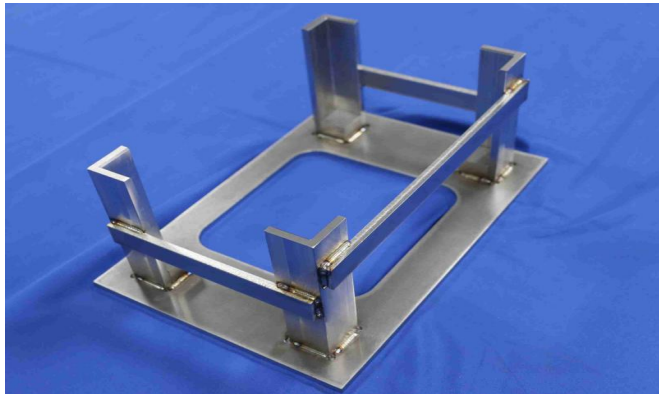

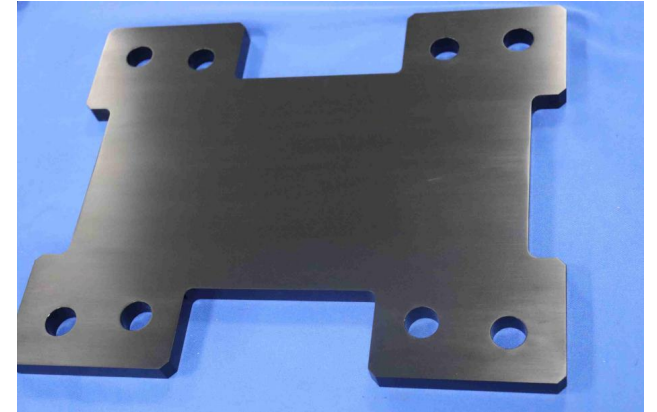

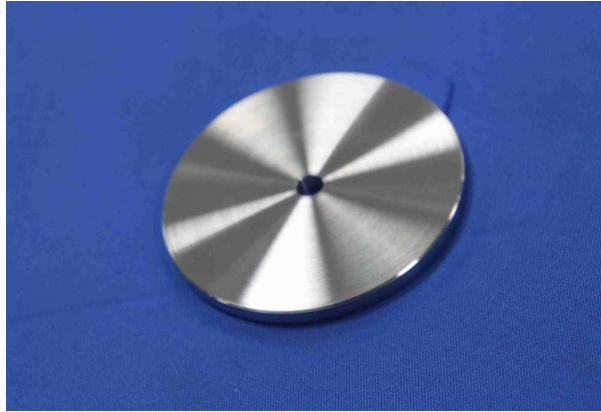

Until May, 2025, we have completed **80 orders** for Enevate, totaling **5720 pieces parts**.

Material	Technique	Finishing
AL6061-T6	CNC	Deburring
AL5052	Lathing	Nickle plating
Steel 1020	Sheet metal	Anodizing
Steel A36	3D printing	Fumigation
Steel Q235	Vacuum casting	Black Oxide
SS304	Laser cutting	Polishing
SS303	Welding	Powder coating
HDPE		
ABS		
Teflon		
PA		
Copper		
Delrin		

Data Validity Period:
December 2022 to May 2025

Q&A

1. How many employees does Amogy currently have, and what are the functional differences between the New York and Texas offices? 目前Amogy有多少员工，在纽约和德州的办公室有什么职能上的区别？

2. What are the main application scenarios for your products: cruise ships, naval vessels, or yachts?

你们的产品主要应用场景是游轮、舰艇还是游艇？

3. Are your products customized or standard products? What is the typical range of quantities for your prototype samples? 你们是定制化的产品还是标准产品？你们的原型样品一般数量范围是多少？

4. What is your current quotation and ordering process? Who will we mainly receive quotations from in the future, and who will decide which supplier to place the final order with?

您目前的询价和下订单流程是怎样的？我们未来会主要是从谁那里接收报价，以及谁来决定最终订单给哪个供应商？

5. Will your engineers request quotations from us? If there is a problem with the order, who should we contact?

你们工程师会和我们询价吗，如果订单有问题，我应该找谁询问？

6. We understand you typically require 304H, 316H, 347H, and Inconel 617. Are all four materials available from your recommended Chinese material suppliers?

你通常需要 304H、316H、347H 和 Inconel 617材料。您推荐的中国材料供应商是否提供所有四种材料？

7. We can help with various surface treatment, what kind of finishing do you need on your parts?

我们可以进行各种表面处理，您的零件需要什么样的表面处理？

8. Do you mostly seek local suppliers or outsource to Chinese suppliers for most projects?

大部分项目是找本地供应商还是外包到中国？

9. Do you pay high tariffs on parts imported from Chinese suppliers?

If we use low value to ship parts. Will it be an issue?

你们目前从中国供应商进口，遇到了高额关税吗？如果我们使用低价值来寄出产品，请问这个有问题吗？

10. What should we do to gain more projects from you?

我们需要怎样做才能得到更多的项目？
